MY TEAM LOST A RUNNER

1. Go the next exchange where the runner was expected to arrive.

2. Drop off two people – the next runner and someone with a cell phone (in case the last runner eventually shows up).

3. The van should go out looking for the lost runner .

4. If you cannot find your lost runner after a prolonged period of time, contact Race Command (661-Ragnar1) and Course Marshalls will begin to aid in the search.
